Tackling your stash of yarn: planning small knitting projects

A team of expert knitters will offer a range of ideas and patterns, in crochet as well as knitting, and the opportunity to acquire a new skill or two. Some of the patterns will be Christmas themed. Projects could be started in the session and taken home for completion. The workshop is not suitable for absolute beginners. Participants should be able to cast on and off, increase and decrease, and follow a simple pattern.

Please bring some yarn from your own personal stash (we all have them!) and the appropriate needles or crochet hooks to use on the day. However, there will be a stash available for you to dip into, or even to take home. Needles and crochet hooks will also be available to purchase on the day.

PLEASE EMAIL crafts@workaid.org TO BOOK YOUR PLACE AND TELL US WHETHER YOU WILL WANT TO KNIT OR CROCHET
