MILLICENT'S STORY

How one sewing machine changed a life

Millicent is the breadwinner for her family that includes her parents who farm poor quality land. After enrolling with a Workaid supported training centre, she gained qualifications in tailoring, knitting and dress making. Her new skills and a donated sewing machine enabled her to set up a stall making school uniforms. Millicent is now renting her own home and supporting her family.

Millicent's story is typical of how something so simple as refurbished tools and machines can help people to become self-sufficient and enable them to earn a living, buy food and send their children to school.

**Workaid is a Charity based in Chesham,
Buckinghamshire and was founded in 1986 in
response to the Ethiopian famine.**

We empower young people to help themselves by developing the skills and knowledge they need to find gainful employment or start their own business. We do this by collecting unwanted tools, refurbishing them to a high standard and shipping them to training centres and self-help organisations in some of the world's most disadvantaged communities.

**A Workaid virtual gift funds the collection,
refurbishment and shipment to Africa of the
donated tools and equipment.**

**A gift card will be sent to you for giving to
your family or friends.**

I want Workaid to claim Gift Aid on my donation.
 I want Workaid to claim Gift Aid on my donation, and any donations I make in the future.

I am a UK taxpayer and understand that if I pay less Income Tax and/or Capital Gains Tax in the current tax year than the amount of Gift Aid claimed on all my donations it is my responsibility to pay any difference. I will tell Workaid if I am no longer eligible to claim Gift Aid or if my name or address change.
